Moscow, January 31, 1944

No. 165

Subject: Subscriptions to Publications for the Interdepartmental Committee for the Acquisition of Foreign Publications.

Strictly Confidential

The Ambassador has the honor to refer to the Embassy's telegrams No. 2358, December 29, 6 p.m., and No. 74, January 10, noon, and to enclose herewith a list of the publications to which the Embassy has thus far been able to obtain subscriptions on behalf of the Interdepartmental Committee for the Acquisition of Foreign Publications for the first six months of 1944.

Section (a) of the enclosed list refers to publications obtained through Soyuzpechat, the Central Soviet Agency for the Distribution of Periodical Publications; section (b) refers to such publications as could be obtained direct from publishers. As was reported in the Embassy's telegrams under reference, the Soyuzpechat Agency refused to accept a number of publications to which the Embassy had subscribed during 1943, including all provincial publications and the official publications containing laws and decrees. Up to the present no reply has been received to the Embassy's note to the Foreign Office regarding this subject.

This document contains information affecting the national defense of the United States within the meaning of the Espionage Act, 50 U. S. C. 31 and 32, as amended. The transmission or the revelation of its contents in any manner to an unauthorized person is prohibited by law.
